AMERICA'S FIRM STAND

Spain Must Cede and Evacuate the Philippines.

TWO FINAL ALTERNATIVES

Laid Before Her Representatives at the Paris Conference.

ACCEPT OUR TERMS OR FIGHT.

Uncle Sam's Peace Commissioners Decline to Submit to Arbitration the Disputed Article of the Protocol, and State the Reasons Why.

Paris, Nov. 21.—The Spanish peace commissioners have been notified that the United States commissioners are ready to treat with them in joint session. Unless the Spaniards have an adequate reason for further delay the two commissions will join in the most important meeting thus far held.

The American commissioners, in a written communication, declare that the third article of the protocol regarding the Philippines is capable of only one fair consideration, that no arbitration is needed to elucidate its terms, and that the United States cannot admit any other power to figure here purely as a lexicologist. They will maintain that the two commissions are charged to determine whether Spain or the United States shall in future own the Philippines.

This was accompanied by the clear declaration that the United States will possess the Philippines. Following this declaration the American commissioners will lay before the Spaniards two alternatives. First, to accept a sum of money from the United States and to cede and evacuate the Philippines; second, to lose the Philippines to the United States by conquest, with the possibility of other territorial losses to indemnify the United States for the added expense of conquest.

This communication may not be formally designated as an ultimatum, but it will lack naught of the conclusiveness indicated by that word. This will be so plain that the Spanish commissioners will scarcely haggle for money on the first alternative nor cherish any doubt of American action under the second, should the first be declined.

THE MONEY INDEMNITY.

No one here except the American commissioners knows how much will be tendered Spain as the cheapest and most humane way of settling the difficulty. She is exceedingly anxious to escape the Philippine debt and possibly the sum to be offered may be determined by an analysis of that debt, which consists of \$40,000,000 in bonds, on which she realized \$36,000,000. Of the latter amount she is believed to have expended some \$10,000,000 or \$11,000,000 in fighting the United States and a part in attempting to quell the Philippine insurrection. A reasonable guess at the sum for tender would be \$20,000,000, though it may fall below that figure.

The Cuban question may come up again. The American commissioners had thought the discussion on that point finished, but the Spanish commissioners are reported to have declared last week that the mortgages imposed by Spain on the Cuban, as well as on the Philippine revenues, must not be impaired or questioned. This would compel the American commissioners soon to demand whether Spain means to repudiate the plain compact of the protocol to relinquish sovereignty over the title of Cuba.

Three weeks ago the Spanish commissioners accepted the Cuban article in the protocol without conditions, save that its embodiment in the treaty should depend only on an agreement here on all the articles in the protocol. Recently, however, Spain's representatives have said that the Cuban matter had been only temporarily passed and was still in abeyance.

Preparing the Reply.

Paris, Nov. 21.—The American peace commissioners have been closely engaged in formulating the terms of the important communication to be made to the Spanish commissioners next week. It is impossible at present, however, to determine whether the work will be completed for presentation on Monday or Tuesday, though it is believed the Americans will be ready on Monday. While the Americans fully appreciate the necessity of making progress, they are also under the necessity of taking great care in the preparation of the record.

Arbitration Proposed.

Washington, Nov. 21.—The translation of the Spanish note presented to the American peace commissioners Wednesday has been despatched at the state department. In addition to the

long argument, which was intended to show that the word "disposition," used in relation to the Philippines meant something else, the Spanish note did include a proposition to submit the Philippine clause of the protocol to the interpretation of an arbitrator.

Subsidiary Questions.

Washington, Nov. 21.—There are several matters of real importance, though not ranking with the Philippine question, to be treated by the commissioners. The instructions to the Americans are not to call up these at present, or until the main pending issue relative to the Philippines has been settled in order to avoid complicating the proceedings. In the event that an agreement shall be reached in the principle of the Philippines disposition, these matters may be expected to consume one or two additional sessions. One of these subjects concerns the restoration of trade relations between the United States and Spain. At the beginning of the war Spain terminated all of her treaties with the United States. There must be working arrangements in treaty form for the protection of trade interests, the equalization of tariff charges, the regulation of extradition and such subjects as are usually included in treaties of trade and commerce and amity.

An Ultimatum For Dons.

Washington, Nov. 21.—With a view of bringing matters to a speedy conclusion, our peace commissioners at Paris, by direction of the president, early the coming week, will lay before the Spaniards the final and irrevocable demands of this country allowing a specified time in which our conditions may be accepted or rejected. This ultimatum, it is understood, involves all that has thus far been contended for including the surrender to the United States of the entire Philippine group, and also names the amount of cash which this government will pay Spain in consideration of her expenditures on account of the betterments in the island of Luzon, about \$40,000,000.

Hoarding the Pesos.

Washington, Nov. 21.—The financial situation in Porto Rico is giving the secretary of the treasury much concern and it is quite probable that the early part of the coming week important modifications of existing orders in relation thereto may be made. It is understood that the customs officials at San Juan are receiving only pesos in payment of dues and refused to accept United States money. The effect of this is said to be a material advance in the value of the peso, and the brokers are beginning to hoard them in expectation of a still further rise.

Only One Death.

Washington, Nov. 21.—The war department has received from General Otis at Manila a dispatch about the death of Jay A. Smith, a private of the First South Dakota. The war department officials say that the report showing such a small death rate among so many soldiers is extremely gratifying and indicates an improved condition at Manila. That only one death should occur in 20,000 troops in a week or 10 days is very surprising.

Cruiser Chicago About Ready.

Washington, Nov. 21.—Arrangements have been made to put the cruiser Chicago in commission at New York Dec. 1. Her complement of officers was announced. The list includes almost entirely the officers who have served on the Vermont and at the New York navy yard in connection with the repair and outfitting of the Chicago.

Twelve Deaths.

Ponta Delgada, Azores Islands, Nov. 21.—The Spanish transport Andes has arrived here from Cuban ports with a number of repatriated Spanish troops. During the voyage there were 12 deaths on board the steamer and many of the soldiers were dangerously ill.

Claims Credit For Peace.

Milwaukee, Nov. 21.—Miss Jessie Schley, who went to Spain as a delegate of the Woman's International league for peace, in an effort to bring the war to a close, issued a statement in which she takes the credit of influencing Spain to sue for peace.

Warships Sent.

Manilla, Nov. 21.—It is reported that Iloilo, capital of the island of Panay, is in the hands of the insurgents. The United States cruiser Charleston and the United States gunboat Concord have gone there.

Surgeon General's Report.

Washington, Nov. 21.—Surgeon General George M. Sternberg has made his report to the secretary of war. It relates mainly to the work of the medical corps during conflict with Spain.

Sixth Illinois to Be Dismissed.

Springfield, Ill., Nov. 21.—The Sixth Illinois infantry volunteers, Colonel D. Jack Foster commanding, arrived in the city to be mustered out of the United States military service.

"I have here," he began, "a little poem, the child of"—
"Sorry," interrupted the editor, "but I couldn't think of taking a child away from its parent."—Harlem Life.

DINGLEY TARIFF LAW.

Something About Its Revenue-Producing Qualities.

DOING ALL CLAIMED FOR IT.

Bureau of Statistics of the Treasury Department Issues a Series of Tables, in Which Several Comparisons Are Made.

Washington, Nov. 21.—The recent discussion as to the revenue producing qualities of the present tariff law lends especial interest to a series of tables just issued by the treasury bureau of statistics, showing the receipts from various sources by months during a long term of years.

An examination of these figures show that the customs receipts of the treasury department now amount to one-half of the ordinary expenditures of the government, which is about the usual proportion allotted to that branch of the revenue producing service. The ordinary expenditures of the government, aside from those of the postoffice department, which is practically self-sustaining, are usually calculated at about \$1,000,000 per day and averaged during the years 1894 to 1897 \$300,500,000 per annum, and at about the same rate in 1898, omitting the Pacific railroad and extraordinary war expenditures. The general plans of those charged with the duty of providing the revenues for the government have contemplated the production of one-half of the necessary expenditures from customs and the remaining half from internal revenue and miscellaneous sources, or in other words, \$500,000 a day from internal revenue and miscellaneous.

It is interesting, therefore, to examine the detailed figures of the receipts of the government during the time in which the present customs law has operated under normal conditions, and to determine whether it is supplying its assigned proportion, one-half, of the normal expenditures. The daily statement of receipts and expenditures issued by the treasury department shows that on Nov. 17, the 140th day of the present fiscal year, the customs receipts had during these 140 days amounted to \$73,340,429. Of this sum a little over \$1,000,000 was from the duty placed upon tea by the war revenue act, so that fully \$72,000,000 of the \$73,340,429 received in these 140 days are the legitimate normal revenues from the rates levied by the customs law enacted in July, 1897, or a little more than the promised rate of \$500,000 a day from customs under the act.

Voluntary Bankruptcy Law.

Washington, Nov. 21.—The forthcoming annual report of the attorney general embraces a review of the operation of the national bankruptcy law of July 1, 1898, which has been prepared by Mr. E. C. Brandenburg, in charge of bankruptcy matters in the department of justice. Mr. Brandenburg, who is preparing a book on bankruptcy, briefly reviews similar past legislation and details the operation of the feature of the law permitting persons to become voluntary bankrupts which took effect Aug. 1, 1898. From this report it appears that the applicants for relief have been found in every walk of life. Since the law took effect 1,700 petitions in voluntary bankruptcy have been filed.

Granted an Extension of Time.

Washington, Nov. 21.—The industrial commission has decided to allow the sub-commissions the time between now and Dec. 1 in which to prepare their syllabi. It was found at the general meeting that the ideas of the sub-commissions conflicted in many instances as to the limitations of their work, and after a full discussion the commission decided that each sub-commission should have ample time to formulate its plans and syllabus.

New Italian Church.

Detroit, Nov. 21.—Saint Francesco, the first Italian church erected in Detroit, was dedicated here. The occasion was rendered the more notable by the presence of Archbishop Martinelli, apostolic delegate from Rome to the United States, who performed the ceremony of blessing the new edifice, and also solemnized high mass and afterward preached a sermon in Italian.

A Cleveland Tragedy.

Cleveland, Nov. 21.—John Stefanein was shot and killed and John Fedoreo mortally wounded by Sam Carr, a colored man from North Carolina. Carr entered Stefanein's yard in an intoxicated condition. Stefanein attempted to put him out. A quarrel ensued and Carr pulled a revolver and began firing. Carr was arrested.

London, Nov. 21.—The British steamer Southgate, Captain Pereh, before reported stranded in a dangerous position on Diana bank, has been floated and is anchored at Gallipoli.

CHARGED WITH MURDER.

Return of Dr. Nancy Guilford, the Midwife, to America.

New York, Nov. 21.—On board the Cunard line steamer Lucania, which arrived from Liverpool, was Dr. Nancy Guilford, the Connecticut midwife, a prisoner in custody. Mrs. Guilford appears on the passenger list as Mrs. N. Brown. Mrs. Guilford was on deck when the steamer reached quarantine. But few of the passengers on board knew of her identity. She gave not the slightest trouble during the voyage, neither has she made any statement or confession.

To Abolish Sunday Concerts.

London, Nov. 21.—Intense interest has been aroused by the puritanical decision of the licensing committee of the London county council to refuse licenses to halls where Sunday concerts are given for profit. This will practically mean the abolition of Sunday concerts, which have brightened the London Sunday for the past few years, and which even their opponents admit always consist of the highest class of music. The newspapers are unanimous in denouncing the decision and demand that the London county council refuse to ratify it. The queen gives a snub to the opponents of Sunday music by having the guards band play on the terrace at Windsor castle every Sunday while she resides there.

Senator Burke's Trial.

Cleveland, Nov. 21.—The trial of Senator Burke, charged with circulating scandalous stories concerning Judge F. E. Dellenbaugh of the common pleas court, was begun before a committee representing the Cleveland Bar association. Burke alleged that Judge Dellenbaugh had received half of a large fee in a divorce case tried before him. Indirectly, the matter originated in the fight between the Hanna and the anti-Hannanites. Burke led the opposition to the election of M. A. Hanna for United States senator in the state legislature last winter, while Judge Dellenbaugh was active in his support.

Killed by Whitecaps.

Nashville, Nov. 21.—John Smartt, a well disposed colored citizen, living at Chappeltown, in Warren county, Tenn., was shot and killed by whitecaps. The whitecaps had served notice upon Mack Smartt, son of the old man. At a late hour 23 men visited his home. Mack was ordered to come out, but refused, whereupon coal oil was poured on the side of the house, but not ignited. A torch was lit and placed near the house and old man Smartt, thinking the house was on fire, rushed out into the yard, where he was shot and died instantly.

Will Lease Tracks.

San Francisco, Nov. 21.—Vice President Watt of the San Joaquin Valley railroad is quoted as saying that in his opinion a satisfactory trackage arrangement, such as would permit the Santa Fe to operate its trains over the Southern Pacific tracks over the Tehachapi mountains, would be effected, and that the proposed new line, for the construction of which the Bakersfield and Los Angeles Railway company was incorporated, would not be built.

Death of Judge Sage.

Cincinnati, Nov. 21.—George R. Sage, recently retired judge of the United States district court of the Southern district of Ohio, died at his home in Lebanon, O. His life has been despaired of for quite a long time, though he rallied at times so as to give hope to his friends. Judge Sage had held the office the required number of years to permit him to retire under the law in August last. He was the judge during the famous Harper trial of Fidelity bank fame.

Work at the Presidio.

San Francisco, Nov. 21.—Work is progressing rapidly at the presidio military reservation on the barracks which are being built for the New York regiment, and the battalion of engineers now stationed across the Pacific. The disappearing carriages for the large 12-inch rifle at the presidio will be in place in about a month. An 8-inch disappearing carriage and an 8-inch rifle will arrive in a short time from the east.

Fire in a Shipyard.

New York, Nov. 21.—A fire which broke out in the shipyards of John H. Starin at West New Brighton, Staten Island, burned seven buildings and their contents, and caused a damage estimated to be about \$400,000. The buildings destroyed were frame. They include the machine shop, the boiler shop, the carpenter shop, the main office and three repair shops.

Going to Michigan.

Ionia, Mich., Nov. 21.—The Wallerstein Shift company of Albany, N. Y., who have a 10-year contract for the employment of 300 inmates at shirt-making in the Ionia prison, are contemplating the removal of their entire business from New York to Michigan. In view of this fact the company is now negotiating for the starting of another factory in this city.

WON'T PAY THE DEBT.

Spain to Notify Cuban Bondholders of This Decision.

TEXT OF SEMI-OFFICIAL TIP.

She Considers Herself Freed From These Entanglements, Which Will Fall, She Holds, Upon the Nation Exercising Sovereignty.

Madrid, Nov. 21.—In political circles it is asserted that an agreement has been reached between the peace commissioners in Paris.

The government, it is semi-officially announced, intends to notify the Cuban bondholders that Spain will not pay the Cuban debt, which will not be mentioned in the peace treaty.

The government considers itself completely freed from these entanglements which fall upon the nation exercising sovereignty and collecting taxes in Cuba.

It is asserted that the government would reject an offer of \$40,000,000 for the Philippines as ridiculous. Spain will decline indemnity for the Philippines if the sum offered appears inadequate in the eyes of the nation.

To Refund Hooley's Money.

London, Nov. 21.—Ernest Terah Hooley's Carlton club exposure has created much excitement in Conservative circles and a number of influential Conservatives have resolved to make an effort to retrieve the scandal by returning Mr. Hooley's \$50,000 contributed to party funds, for the benefit of the bankrupt's creditors. Mr. Hooley's statements are already doing considerable harm to the Conservative prospects in the country, and Mr. A. J. Balfour, the Conservative leader in the house of commons and first lord of the treasury, is said to have urged that the money be restored to the donor.

New Japanese Minister.

Washington, Nov. 21.—Mr. Jotura Komura, envoy extraordinary and minister plenipotentiary of Japan to the United States, arrived here from San Francisco. Mr. Komura, who succeeds Mr. Toru Hoshi as the representative of Japan accredited to the United States, is a typical Japanese gentleman, calm, dignified, self-contained and highly cultivated. His early education he received in the best universities of his native country. Coming to the United States in 1875, he entered Harvard college and was graduated from that institution in 1880.

Police Won't Interfere.

New York, Nov. 21.—That the 20-round bout between James J. Corbett and Thomas Sharkey will be brought to a decision before the Lenox Athletic club Tuesday night without any police interference is now almost a certainty. The legal authorities seem to be perfectly satisfied that every detail of the Horton law governing pugilistic exhibitions in this state will be lived up to by the principals. Corbett is the favorite in the betting at 100 to 80.

Cannot Exist Together.

Detroit, Nov. 21.—"The Saloon and City Evangelization" was considerably discussed in the session of the National City Evangelization union of the Methodist Episcopal church. O. A. Wright of Detroit, representative of the Anti-Saloon league, told about the saloon conditions in Detroit as an instance of the saloons' prestige in a well regulated city. He insisted that the church and the saloon can not long exist together.

Portland, Ind., Nov. 21.—A natural gas explosion occurred in the residence of Nathan B. SAM PUGH isn't losing much sleep over the fact that the Bracken Board of "Blunders" counted him out. If those gentlemen really intended to steal the election they should have acted in their first meeting. Their delay of several days was fatal.—Public Ledger.

Of course Pugh isn't losing any sleep. He knows he has a Republican Congress to appeal to, and a Republican Congress has rarely ever failed to oust a Democrat no matter how strong his case might be. It is not generally known that Mr. Pugh met some of his friends at Ashland just after the election, while the result was still in doubt, and that they afterwards brazenly boasted that, no matter how much of a majority Mr. Williams might have on final count, Mr. Pugh would be the Ninth's next Representative.

The Bracken Election Commissioners didn't act at their first meeting, probably, for the sole reason that their attention had not been called to the irregularity in the Berlin precinct.

THE SYMPATHY RACKET

Doesn't Count With Gov. Bradley When It's Lavished on Brutal Criminals.

FRANKFORT, Ky., Nov. 18.—Gov. Bradley, in overruling the application of Ed. Stevens, of Campbell County, convicted of rape and sentenced for a term of ten years imprisonment for complicity in the assault on Mrs. Gleason, wrote the following endorsement: "Notwithstanding this crime has inspired the public mind with greater horror than any other ever committed in this State, this jury recommends pardon, saying, in substance, that because of Stevens' previous good character they believe he is highly deserving of executive clemency. The trial Judge and Commonwealth's Attorney, while stating that they have no doubt of his guilt, each ask that he should be pardoned on account of his previous good character and sympathy for his good mother.

"They may be commended for this expression of sympathy, but sympathy for the outraged woman and respect for violated law is more commendable."

FRANKFORT, Ky., Nov. 18.—Commissioner of Agriculture Moore has issued a call for a series of county agricultural institutes at the following times and places: Barbourville, November 29th; Richmond, December 1st; Beattyville, December 3rd; Mt. Sterling, December 5th; Morehead, December 7th; Louisa, December 9th; Vanceburg, December 12th; Alexandria, December 14th; Carroll, December 16th; and Versailles, December 18th.

Paris, Nov. 21.—A terrific explosion occurred in the Cafe de Champaux underneath the offices of the Havas agency. A woman was killed outright and eight other persons were seriously injured. It is thought that the explosion was due to ignited gas, but there are rumors of an anarchist plot.

Kidnaped the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50c. a bottle at J. J. Wood & Son's drug store.

A REMARKABLE CASE.

A Ten-Year-Old Boy Carries a Large Piece of Glass in His Throat For Three Months.

Elmer, the ten-year-old son of Mr. and Mrs. Arthur Donovan, who reside near Mluerva, furnishes one of the most remarkable cases of the kind on record.

From August 13th to November 16th, a few days over three months, the little fellow carried in his throat a rough, jagged piece of glass five-eighths of an inch long, half an inch wide and about an eighth of an inch thick at its thickest point. This is the actual measurement of the glass made at the BULLETIN office Saturday.

Just how he came to get the glass in his throat is not known. On the day first mentioned he suffered a partial loss of his voice. The lad complained of no especial pain. Physicians were consulted, and they diagnosed the case as a bronchial affection, and prescribed for the trouble. The obstruction in the course of time caused inflammation of the bronchial tubes, involving the lungs. The least exertion or any excitement would produce coughing spells, during which the boy would spit up some blood.

His parents were advised to keep him in doors. Last Thursday the little fellow insisted on going out, and his mother finally had to threaten to whip him if he left the house. Elmer got excited and was seized with one of his coughing spells. It was a fortunate coughing spell for the little fellow, for presently something besides blood came up out of his throat. He spit it out, and when his mother's attention was called to it, she was astounded at the sight of the glass.

The little fellow recovered his voice at once, and Saturday showed but little evidence of his long suffering.

The physicians were shown the glass Saturday. They pronounce it one of the most remarkable cases on record.

Doctors' and Druggists' Row.

PADUCAH, Ky., Nov. 18.—The druggists and doctors of Paducah have fallen out. The doctors' association has addressed a letter to the druggists, warning them that if they do not stop "counter prescribing" that they will not be given a prescription that can be kept away from them. The druggists met in secret session and addressed a reply to the doctors, stating that they are not guilty as stated. There is a great deal of feeling in the matter.

Presidential Bet Suit.

VANCEBURG, Ky., November 19.—In fall of 1896 T. B. Harrison, Jr., bet George W. Dale \$25 even that McKinley would not carry Kentucky. John W. Cox, the stakeholder, paid the money to Dale. Harrison brought suit against Cox before Judge Holderness for the amount. Judge Holderness to-day decided in favor of Cox.

A Slap at the Emperor.

London, Nov. 21.—The Duke of Westminster has written a letter in which he says: "After what has been said and recorded in blue books about the misdeeds of the Sultan and his complicity in the murder of 100,000 of his subjects. I feel that Emperor William's acceptance of the hospitality of a monarch who, by a series of unparalleled crimes, has placed himself outside the pale of civilization must be deeply regretted and deplored." This letter elicited a vehement attack on the Duke of Westminster in Mr. William Waldorf Astor's Pall Mall Gazette. It is known that Mr. Astor and the duke are the reverse of friends.

Tolberts Not Safe.

Washington, Nov. 21.—United States Marshal Melton of South Carolina had a conference with Postmaster General Emory Smith regarding some postoffice appointments. The race troubles in that state were not discussed. Mr. Melton stated positively his personal belief that the Tolberts would not be safe if they returned to their states. "I have no hesitation," he said, "in saying that it would be very unwise for them to return until after the excitement has subsided."

London, Nov. 21.—A dispatch from Rio Janeiro says a new cabinet has been formed as follows: Minister of finance, Senor Murinho; minister of war, Senor Mallet; minister of foreign affairs, Senor Demaghalhaes; minister of marine, Senor De Silveira.

Scotch Mixtures.—Fifty cent quality at 30c.; 65c. quality at 50c.; 80c. quality at 75c., of pure wool, and from a mill that keeps its standard at highest notch. These goods are dressy, yet they'll stand the wear and tear of knock-about use.

A CARRIAGE occupied by 'Squire R. H. Fisher and W. C. Halbert, of Vanceburg, and driver, Norman Trent, upset Thursday night while they were passing around the bridge over Eagle Creek, back of Manchester, which is being repaired. The carriage was pretty badly wrecked, but the occupants escaped without injury.

The State Printing Commissioners and the Soble Printing Company, of Louisville, former State Printers, are at loggerheads over the payment of a claim of \$80,000, alleged to be due from the State for printing 15,000 teachers' and registers' grade books. The Commissioners proposed to settle the claim by paying \$8,484, but the company refused to accept it, and a suit will likely follow.

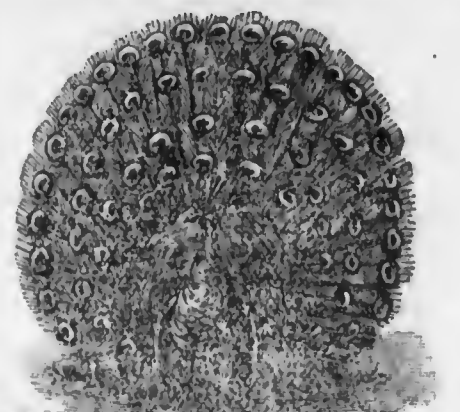

THE Tri-State Natural Gas and Oil Company has filed a trust deed to the Central Trust Company, of New York City, securing 500 bonds of \$1,000 each, on the Warfield gas field properties already owned by the corporation, and upon its franchises and rights of way in Lawrence County, Ohio; Boyd, Lawrence and Martin counties, Kentucky; Mingo, Wayne and Campbell counties, West Virginia.

The unveiling of the monument to Kentucky's dead soldiers at Chickamauga Park, which was to have occurred on November 25th, is indefinitely postponed. The reason for the postponement is the fact that two freight cars carrying parts of the monument to Chickamauga have been lost. Unreasonable as this story may seem, it is true, and hence work in erecting the monument has been discontinued until the railroad companies are able to locate them and have the freight delivered. The date for the unveiling will be again fixed as soon as the monument is erected.

SADLY AFFLICTED.

Mrs. James W. Evans, Formerly of This County, Dies at Ripley of Typhoid Fever—All Her Children Ill With the Disease.

Mrs. Sallie Evans, wife of Mr. James W. Evans formerly of Fern Leaf, died Friday night at 8 o'clock at the home of the family in Ripley, of typhoid fever. She had been ill three weeks, having contracted her sickness while nursing her children, two of whom have been ill with the disease for about a month.

Friday the remaining two children were also stricken down with the same disease, and all four, two sons and two daughters, are now suffering from the fever. The case is one of the saddest on record.

Mrs. Evans was born at Mayslick June 4, 1850, and was a daughter of James and Nancy McKrell, and was a niece of Mr. Joshua B. Burgess of this city. She united with the Christian Church at Mayslick when eighteen years of age, and had always enjoyed the love and esteem of her wide circle of acquaintances. Her many friends in Mason County will learn of her death with sincere sorrow.

The funeral occurred Sunday afternoon at 3 o'clock at the Ripley Christian Church, the pastor, Rev. J. P. Ewing, officiating. Burial at Maplewood Cemetery.

An Important Difference.

To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a costive condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Company only, and sold by all druggists.

The Rowan County Election Commissioners reconvened Saturday and counted the vote over, throwing out three precincts, one Democratic and two Republican, on account of not being dated or signed legally. This reduces Pugh's majority in Rowan County from 165 to 109 and places Williams' majority in the district at 64. At the other meeting the Commissioners agreed that these precincts were not legal, but thought it the law for the State Commissioners to act in the matter, and on learning better called another meeting.

JUDGE COLE MARRIED.

Weds Mrs. Belle Newman, of Sonora, Hardin County—Will Arrive Home This Evening.

Judge A. E. Cole and Mrs. Belle Newman were quietly married Sunday or on Saturday, and are expected to arrive here from Lexington this evening. Just where the ceremony occurred has not been learned. The news of the marriage proved quite a surprise to his many Maysville friends, as but few, if any, knew of the contemplated nuptials.

The couple met for the first time about three or four months ago at the home of a friend at Flemingsburg, where the bride was visiting.

The bride's father was formerly a merchant at Louisville, but he retired from business some years ago. She has been residing at Sonora, Hardin County.

The BULLETIN unites with Judge Cole's many friends in congratulations and good wishes.

CAMP SHIPP.

Quartermaster Sergeant C. D. Russell Tells of Company B's New Quarters.

The Future of the Fourth Kentucky—How the Boys Show Up When Fully Equipped.

The BULLETIN is kindly permitted to publish the following interesting letter from Quartermaster Sergeant C. D. Russell of Company B, Fourth Kentucky regiment, to one of his friends in this city:

CAMP SHIPP, ANNISTON, ALA., Nov. 8, 1898.

Fearful that a thirteen-inch shell from the "Battleship" might "shiver your timbers," and thinking only of your capture unseathed, to use you for further service, I send this little one-pounder across your bows, knowing full well you will have to lend me for a few moments your eyes, ears, nose and toes and he all attention. Don't die from surprise at receiving a few lines from your old running mate, as really I have had very little time to even sink schooners (over the bar) let alone coop myself up in my (Uncle Sam's) gorgeous "white palace" and extort from my rattled brains a few flitting thoughts and note them on paper and call it a letter. But in trying to make amends, my efforts in composition, orthography and etymology must not be too severely criticised.

We are here in a State, by name Alabama, commonly classed as a gem in the diadem of the "Sunny South" by students of geography, but for the meanest, all-fired cussed weather, tide particular section takes the army, and in turn they partake in their systems this postiferous little weather microbe and become fully in sympathy with it, making us nice agreeable companions to each other. Rain, snow, ice, sleet intermingled with weather cloudy and cold as Iceland and as hot and sunny as Zanzibar, never exceeding twelve hours of either. Overcoats one hour and negligee costumes the next is the program. After solving this rather weighty weather problem I will eulogize our camp site. We are camped on the side of a beautiful mountain (you know all mountains are beautiful), which when we arrived on September 16th, 1898, was thickly covered with a confused tangle of hovey "Black Jack oaks," and stunted pines and inhabited only by countless numbers of snakes, scorpions, spiders and lizards, good companions for such a gang as ours) but, presto! change: Our Uncle Samuel to show that all the milk of human kindness hadn't escaped at the faucet, hooked into the bung, and transferred us to "The Land Improvement Association," and furnished us the nicest axes, prettiest picks and most beautiful shovels one ever saw, and the hand commenced to play that soft striding air "Soldier, Will You Work?" He did! Four weeks of unceasing toil, has the soil without shade or cover, and such soil; so poor that even the "dog fennel" blooms yellow instead of white, and so little of that, that it would not make a good sized stuffed pup. The land improvement having been fluffed we have been transferred back to volunteers while the band whangs away at "Drill, Ye Terriers, Drill," and it's a fact that we have become so much attached to the elegant little fowling pieces "Brother Jonathan" has loaned us that we eat and sleep with them and never allow them to leave our sight (they are the old Springfield .45 cal. weigh 11 pounds). He has also furnished us with a cute little canteen which when filled weighs 5 pounds, a tidy haversack containing meat can, tin cup, knife, fork and spoon to carry our ox and hog and "canned mule" with a species of some hard substance they call hard tack which weighs when properly geared up nine pounds; a capacious blanket bag into which you put one of your blankets and what few clothes you can get in and on the top of this strap your elegant styled "Kerschbaum" overcoat, all of which weighs close to thirty pounds; then, I like to forget our other blanket, dog tent poles, pegs and poncho, which are rolled into a long roll, which is hung over the left shoulder and ends fastened under right arm which weighs fifteen pounds; lastly but not least a cartridge belt to which is attached a bayonet scabbard and with cartridges weighs fourteen pounds. To add to this I also have strapped to my left side a Colt's .45 which with holster weighs eight pounds. Verily the "Old Man" is going to make us athletic

and hardy, or know why. He leaves no place to put the numerous bouquets that are thrown at us, and I think I'll have it changed. The preceding is the military toggery a soldier is compelled to don when in heavy marching order and all you can see of the soldier is the upper part of his face. So much for that! If you could but look into my "shack" at the present minute you would feast your eyes on a sight that has never been equaled; (that is to persons) two rough looking hewhiskered men whose mugs greatly resemble the "Weary Willie" faces of Judge, one sitting on the floor with a pipe between his "grinders" perusing a late missive from his lady love, (that's Rooney Burgess); the other seated on a tumble down stool with a board on his knees writing, (that's me); between the two, a bottle (I won't say what it's had in it) into the neck of which a not overly combustible candle has been stuck, and which is their chandelier. We always get our thinking caps on after supper and nearly the same scene is enacted every evening. When you see Frank Barkley let him read this and if he wants to enlist tell him we have a few vacancies. I like the camp life first rate and I am only twenty pounds lighter than when I left the old town. Give my regards to all my friends not excepting the boys in the cigar factory. What did you think of the Governor's Thanksgiving proclamation? It was a peach, wasn't it? I am pretty well posted in military matters and am bending myself to master it. I hope to be home at the opening of the opera house in January or February if we are not in Cuba, which is altogether probable although we can see our finish as far as January 1, 1899, because we shall stay here at least that long and the chances are we will relieve either the First, Second or Seventh army corps about March 1, 1899, or else be mustered out about that time. Hold the boys level and sell the C. J. (I read it every day). Write if you ever get time and let me know the news. With kind regards to yourself and brother, I remain yours truly,

CHRIS. D. RUSSELL.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

The tobacco market has shown more activity in the past week than has been the case for the past two months. While the sales have continued quite small for several weeks the buyers have shown very little disposition to advance prices, but appeared to be satisfied with the small purchases they were able to get on the breaks. The consideration of the small stocks cut no figure until last week when some orders were placed in the hands of some brokers, and this competition gave a boom to the market. Prices advanced very materially and some very satisfactory sales were made.

This demonstrates clearly that a little more competition upon the market would force manufacturers' buyers to wake up to a realization of the present condition of the tobacco market. The small stocks now in the hands of the warehousemen, with an active trade in manufactured tobacco, would not be nearly sufficient to supply the demand before the new crop could be put into condition for use, and from the general talk among the growers we do not look for the new crop to be marketed very rapidly, unless the buying interests are willing to pay the growers a reasonable compensation for their labor.

There has been a strong demand for all grades having color and the few hogheads of the better grades were taken at fully 2 or 3 cents advance, while low grades are very active and firm.

The receipts of the new crop have been very light and the prices, as a rule, and with few exceptions are not up to the expectation of shippers. The crop is showing a good deal of damage and weighing very light. We do not now consider the crop to be in excess of the requirements, and with a reasonable competition, which we hope to inaugurate in our market, we expect the growers to get a fair price for their tobacco, as there will be no surplus of the old stock to come in competition, which has been the case for several years.

Maysville Chapter No. 9, R. A. M.

Regular meeting this Monday evening at 7 o'clock. There will be work. A full attendance is desired.

GEORGE SCHWARTZ, High Priest.
A. H. Thompson, Secretary.

HEALTHY, happy, children make better men and women of us all. A little care and a little planning before birth is often more important than anything that can be done after. On the mother's health and strength depend the life and the future of the children. A weak and sickly woman cannot bear strong and healthy children. Most of the weakness of women is utterly inexcusable. Proper care and proper medicine will cure almost any disorder of the feminine organism. Dr. Pierce's Favorite Prescription has been tested in thirty years of practice. It is healing, soothing, strengthening. It is perfectly natural in its operation and effect. By its use, thousands of weak women have been made strong and healthy—have been made the mothers of strong and healthy children. Taken during gestation, it makes childbirth easy and almost painless and insures the well being of both mother and child. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 100s page "Common Sense Medical Adviser," profusely illustrated.
